

flos FS KP 5R

Harmony and comfort

The inspiration for creating this collection was a holistic combination of elements that create a peaceful and harmonious atmosphere, perfect for building good relationships. The Flos furniture collection and multifunctional acoustic screens were designed with the idea of domesticating work and relaxation spaces.

Conference chairs

The Flos chair collection offers a wide range of applications and a rich selection of bases: metal, wooden, on wheels, or stools. Two equally comfortable types of seats - with or without armrests - respond to the refined needs of today's work environment. By complementing the soft bucket shape with wheeled bases, Flos chairs are also perfect for home workspaces.

Tomasz Augustyniak is a renowned designer and interior architect, a graduate of the Academy of Fine Arts in Poznan. He is the author of numerous collections of office and home furniture for major Polish brands.
