

You have a lot of work to do during the day, but when you move from one task to another you know that Nexter supports your back.

A combination of tried and tested solutions has resulted in a chair that provides comfortable and ergonomic sitting. Nexter is your partner for every new task.

Features:

- available in 2 backrest versions: upholstered or mesh
- free-floating mechanisms help to relax muscles and relieve strain on the spine
- height-adjustable armrests with movable pads to provide additional support for the whole body
- classic black elements that make the chair fit perfectly into any space

Models

Mesh version (MESH)	Upholstered version (UPH)
Breathable mesh backrest in black colour, lumbar support as an option. Backrest width: 465 mm	Upholstered backrest in a colour matching that of the seat. Inside medium-hard cut foam, durable and resilient. Backrest width: 460 mm

The seat in both chair models is upholstered.
High performance cut foam is used, limiting deformation, allowing long and comfortable use.
