

saar SM HS 1x1

Function and nobility

A system of industrial shelves with a geometric construction that can be varied with seats, shelves and other accessories. These elements change the function of the furniture, giving it a unique form. Saar is an extremely functional system for an office or reception, impresses with careful workmanship, attention to every detail and the use of durable and noble materials.

Saar hang

Saar hang has narrower modules for hanging on the wall. Furniture organizes items placed on it and can be used to divide the office space, creating functional arrangements.

A wide range of varnishes, laminates and upholstery fabrics allows you to design an individual and functional product.

This collection was created by a Polish designer **Krzysztof Sarnowski**, a graduate of the University of Arts in Poznan. He is fascinated by modularity, ergonomics, usability and Scandinavian minimalism.
