

TECHNICAL DESCRIPTION

MOD. DELTA

DESKS WITH COPLANAR EXTENSIONS AND CONTAINER EXTENSION

The desks are rectangular and are available in the version with a wooden base.

Tops, sides and modesty panels of desks are made of 35mm thick particleboard panels that are melamine faced. Tops and sides are finished perimetrically with 2mm thick ABS edge matching the surface. The modesty panels are finished with 0,45 mm thick ABS edge matching the surface.

The structural sides are formed of two panels which are joined by a spacer in ABS and are equipped with a nylon tip to which a leveller foot is applied. There are ABS spacers on the sides and modesty panels for joining to the tops.

The container extension is constituted of a suspended structure made of 18 mm thick melamine faced particleboard panel, perimetrically finished with 0,45 mm thick ABS edge matching the surface.

In the central part there is a compartment for inserting 2 drawers supplied separately.

The desks are available in monochrome version: OAK 03, CLASSIC WALNUT 07, DARK POPLAR 63, WHITE 68 or in the double-colour version in combination with the structures: STONE GREY 44, WHITE 68.

KIT OF 2 DRAWERS FOR CONTAINER EXTENSION

The fronts are made of 18 mm thick melamine faced particleboard panels and available in colours: OAK 03, CLASSIC WALNUT 07, STONE GREY 44, DARK POPLAR 63, WHITE 68. They are perimetrically finished with 2 mm thick ABS edge matching the surface.

The upper drawer is fitted with a lock.

The sides of the drawers are made of 12 mm wood fibreboard covered by black PVC and the drawer bottoms are made of 3 mm thick fibreboard. The sliding guides are made of metal and have nylon buffers fitted with limit switches during opening and self-closing limit switches during closing.

The handles are of "Bridge" shaped design, made of polypropylene, centre distance 64 mm, supplied to match the colour of the fronts.

CIRCULAR MEETING TABLE WITH COLUMN BASE

Composed of: top and column base.

Top is made of 35 mm thick particleboard panel that is melamine faced. It is finished perimetrically with 2 mm thick ABS edge matching the surface.

It is available in the following colours: OAK 03, CLASSIC WALNUT 07, DARK POPLAR 63, WHITE 68.

Metal base is composed of: circular base Ø590mm, vertical column and upper plate.

The column is made of a tube that has a section that starts at the base with Ø128 mm and then rises to Ø 89 mm. The top plate is made of metal sheet 4 mm thick with holes for fixing under the top. The metal base is painted with epoxy powder in colours: STONE GREY, BIANCO.

MEETING TABLES WITH PANEL BASE

Top is made of 35 mm thick particleboard panel that is melamine faced. It is finished perimetrically with 2 mm thick ABS edge matching the surface.

It is available with or without top access, made of silver printed plastic frame and cover made of 8 mm thick melamine faced particleboard panel in the same colour as the worktop surface.

The wooden structure consists of: two sides, two modesty panels and a shelf (wire-manager space).

The sides are made of 35 mm thick particleboard panels that are melamine faced, finished perimetrically with 2 mm thick ABS edge matching the surface.

The side panels are equipped with a nylon tip to which a leveller foot is applied.

The modesty panels and the shelf are made of 18 mm thick particleboard panels that are melamine faced, they are finished with 0,45 mm thick ABS edge matching the surface.

The meeting tables are available in monochrome version: OAK 03, CLASSIC WALNUT 07, DARK POPLAR 63, WHITE 68.

PEDESTALS ON WHEELS AND SERVICE UNITS ON FEET

Structure made of 18 mm thick melamine faced particleboard panels, available in colours: OAK 03, CLASSIC WALNUT 07, STONE GREY 44, DARK POPLAR 63, WHITE 68, perimetrically finished with 0,45 mm melamine edge.

The fronts, top and back panels are made of 18 mm thick melamine faced particleboard panels and are available in colours: OAK 03, CLASSIC WALNUT 07, DARK POPLAR 63, WHITE 68. They are finished perimetrically with 2mm ABS edge matching the surface.

The wood drawers are fitted with a central lock; the sides of the drawers are made of 12 mm wood fibreboards covered by black PVC and the drawer bottoms are made of 3mm thick fibreboard. The sliding guides are made of metal and have nylon buffers fitted with limit switches during opening and self-closing limit switches during closing.

The handles are of "Bridge" shaped design, made of polypropylene, centre distance 64 mm, supplied to match the colour of the doors and fronts.

The mobile pedestals are mounted on grey nylon pivoting wheels, the two front wheels are equipped with a safety brake.

The service units are fitted with levelling feet.

CREDENZA W 180

The structure is made of particleboard panels 18 mm thick, melamine faced, finished with 0,45 mm thick ABS edge matching the surface.

The credenza is accommodated on a plinth H. 100 mm.

The top is made of particleboard panel 18 mm thick, melamine faced and finished with 2 mm thick ABS edge matching the surface.

The credenza width 180 cm is available in colours: OAK 03, CLASSIC WALNUT 07, STONE GREY 44, DARK POPLAR 63, WHITE 68.

CREDENZA W 120

The structure is made of particleboard panels 18 mm thick, melamine faced, finished with 0,45 mm thick ABS edge matching the surface.

The base is equipped with height-adjustable feet in black nylon. The top is made of particleboard panel 18 mm thick, melamine faced and finished with 2 mm thick ABS edge matching the surface.

The credenza width 120 cm is available in colours: OAK 03, CLASSIC WALNUT 07, STONE GREY 44, DARK POPLAR 63, WHITE 68.

DOORS FOR CREDENZAS L. 180-120 CM

The doors (provided separately) are made of particleboard panel 18 mm thick, melamine faced finished with 2 mm thick ABS edge matching the surface.

The handles are of "Bridge" shaped design, made of polypropylene, centre distance 64 mm, supplied to match the colour of the doors.

The doors are available in colours: OAK 03, CLASSIC WALNUT 07, STONE GREY 44, DARK POPLAR 63, WHITE 68.

BOOKCASE ELEMENT FOR CREDENZAS L. 180-120 CM

The structure is made of particleboard panels 12 mm thick, melamine faced finished with 0,45 mm thick ABS edge matching the surface. It's available in colours: STONE GREY 44, DARK POPLAR 63, WHITE 68.

DELTA

It can be inserted into the open compartment of the credenza.

LOW, MEDIUM AND HIGH CABINETS:

Structure consists of: base, top, two side panels and back (18 mm thick inserted into milling).

Structure made of 18 mm thick particleboards faced with melamine, available in colours : CLASSIC WALNUT 07, STONE GREY 44, WHITE 68, finished with 0,45 mm thick melamine edge. Height-adjustable feet in black nylon fixed under the base (4 for cabinets w. 45 cm, 5 for cabinets w. 90 cm), with adjustment range of 15 mm.

The shelves are made of 25 mm thick particleboards faced with melamine, available in colours CLASSIC WALNUT 07, STONE GREY 44, WHITE 68. They are finished with 0,45 mm thick ABS edge matching the surface.

They are equipped with concealed hardware and can be fixed at height pitch of 32 mm.

The fronts and doors are made of 18 mm thick particleboards faced with melamine and available in colours: OAK 03, CLASSIC WALNUT 07, DARK POPLAR 63, WHITE 68. They are finished with 2 mm thick ABS edge matching the surface.

The handles are of "Bridge" shaped design, made of polypropylene, centre distance 64 mm, supplied to match the colour of the doors and fronts.

The hinges have a metal arm with 110 ° opening, complete with bases, with 3D adjustment.

The hinges of blind doors can be equipped with dampers kit, supplied separately, for a soft-close.

The glass doors feature an aluminium profile extruded frame, 4 mm thick tempered frosted glass, with lock. The handles are of "Bridge" shaped design, made of polypropylene, in SILVER colour. All doors with locks have removable cylinder and are equipped with double folding key (accident prevention).

All compositions with cabinets must be completed with a top+2 final side panels set.

TOPS AND FINAL SIDE PANELS

They are made of particleboard panels 18 mm thick, melamine faced and are available in colours: OAK 03, CLASSIC WALNUT 07, DARK POPLAR 63, WHITE 68. They are finished with 2mm thick ABS edge matching the surface.

PACKAGING

All the components are disassembled and packed in triple cardboard box folding packaging, with laths for the perimetrical protection and for filling up, where needed . The corners are protected, where needed, through shock resistant edges protectors. The packing closure occurs through adhesive tape and welded nylon strap.

Pedestals are supplied assembled, protected through polystyrene angle bars on the sides and packed using thermo-retractable polyethylene film.
